RE: MB Docket No. 10-56

Dear Chairman Genachowski and Commissioners:

I am writing to express my support for Comcast's proposed transaction with NBC Universal. Comcast has always displayed outstanding corporate citizenship and commitment to our communities.

It is essential that productive partnerships between the private and public sectors exist in order to maintain vibrant and successful communities. That's why I'm writing to you today – because I've been so impressed by the committed community spirit demonstrated by Comcast and its employees.

On Saturday, April 24, I was pleased to volunteer my time during Comcast Cares Day. Every year, this great event brings together Comcast employees, friends and families at volunteer locations across the country. For me, Comcast Cares Day offered the chance to work with the Ambridge Youth Association, a local baseball organization that teaches kids the fundamentals of the "American pastime." Experiencing this even truly proved how much good businesses can accomplish in our communities.

Also, at this moment of economic hardship it is reassuring to know that Comcast employs more than 100,000 people, 10,000 of whom work in Pennsylvania. Comcast's investments in its infrastructure to enhance broadband services have allowed businesses to grow, creating more jobs. I'm convinced there will only be better and better high technology prospects for my constituents once economic recovery begins to accelerate.

As you consider Comcast's proposed transaction with NBC Universal, I hope you'll take into account its good corporate citizenship and admirable record of technological achievement.

Sincerely,

ROBERT F. MATZIE
STATE REPRESENTATIVE
16TH DISTRICT
